Children's Activities

Children who attend childcare will be participating in age-appropriate money related activities. These activities are designed to relate to the adult sessions and be used as an introduction into the world of finance.

Parents will receive copies of the materials presented so they can follow up with their own family discussion.

Come And See How to...

This hands-on financial literacy series focuses on how to manage money rather than letting money manage you.

Make Money Work for YOU includes:

- ◆ Money beliefs
- ◆ Basics of budgeting
- ◆ Goal setting
- ◆ Money related activities for the kids

The Come And See How to...tracks are:

- ◆ Facilitated by experts in that particular field
 - ◆ Were designed with the help of former participants
 - ◆ Are much more topic specific
 - ◆ Are always being added to based on need and interest
-
- ◆ **Dinner and childcare provided**
 - ◆ **Opportunities to use what you learn by facilitating future classes**

Make Money Work for YOU

This four week interactive workshop examines personal money beliefs and how those can help or hinder you in reaching your financial goals.

A portion of the workshop will focus on developing a workable budget and setting a family savings goal.
